ಸಾಮಾಜಿಕ, ಆರ್ಥಿಕ ಮತ್ತು ಜಾತಿ ಗಣತಿ-2011 (ಎಸ್‌ಇಸಿಸಿ-2011)ರ ಸಂಬಂಧ ಗಣತಿ ದತ್ತಾಂಶದಲ್ಲಿ ಕೆಲವು ತಪ್ಪು ನಮೂದುಗಳು ಆಗಿರುವುದನ್ನು ಕೇಂದ್ರ ಸರ್ಕಾರವು ಗಮನಿಸಿದೆ. ಉದಾ:- ಗ್ರಾಮೀಣ ಭಾಗದಲ್ಲಿ Primitive Tribal Group, Legally Released Bonded Labours, Manual Scavengers and Generic Caste Entries. ನಗರ ಪ್ರದೇಶಗಳಲ್ಲಿ ಸಮಾಜದ ಕೆಳ ಹಂತದ ಸಾಮಾನ್ಯ ಕುಟುಂಬಗಳಲ್ಲಿ ಉದಾ:- Rag Pickers, Beggars, Cobblers, Street Hawkers, etc., ಇವರಲ್ಲಿ ಕಂಡು ಬಂದ ಆದಾಯದ ಮೂಲಗಳು.

ಈ ತಪ್ಪು ನಮೂದುಗಳನ್ನು ಸರಿಪಡಿಸಲು ಭಾರತ ಸರ್ಕಾರದ ಗ್ರಾಮೀಣಾಭಿವೃದ್ಧಿ ಮಂತ್ರಾಲಯ, ನವ ದೆಹಲಿ, 0.0.27 b Version ತಂತ್ರಾಂಶ (Software) ಹೊರತಂದಿದೆ. ಈಗಾಗಲೇ ಈ ತಂತ್ರಾಂಶವನ್ನು NIC Website ಗೆ ಅಳವಡಿಸಲಾಗಿದ್ದು, ರಾಜ್ಯದ ಎಲ್ಲಾ ಚಾರ್ಜ್ ಸೆಂಟರ್‌ಗಳಲ್ಲಿ ಈ ತಂತ್ರಾಂಶ ಲಭ್ಯವಿದೆ.

ಈ ಹೊಸ ತಂತ್ರಾಂಶದ ಸಹಾಯದಿಂದ ತಪ್ಪು ನಮೂದುಗಳನ್ನು ಸರಿಪಡಿಸಲು ಕೇಂದ್ರ ಸರ್ಕಾರದಿಂದ ಬಿಡುಗಡೆಯಾಗಿರುವ ಕೈಪಿಡಿ "Verification & Correction Module" Instruction Manual ನಲ್ಲಿ ವಿವರಿಸಲಾಗಿದೆ. ಅದರ ಪ್ರಕಾರ ಈ ಕೆಳಕಂಡಂತೆ ಕ್ರಮ ವಹಿಸುವುದು.

Sir/Madam,

Sub:- SECC 2011 Verification and Correction Module: Instruction Manual- regarding.

The Verification and Correction Module version 0.0.27b is already in place in the MoRD website with effect from 11.10.12. Now the States and UTs are requested to make use of the Verification and Correction Module on to the data collected and uploaded by the Enumerators/Supervisors. This software will generate the Verification Files from the data uploaded to the NIC website. The variables that will be cropped in for verification are pertaining only to Caste, PTGs, Legally Released Bounded Labour and Manual Scavenger in the rural areas and with regard to Main Source of Income (from Rag-picker, Beggar, Domestic Worker, and Street Vender/Cobbler/Hawker/and other service providers working on the streets) and Caste in the urban areas.

The NIC will generate the Verification Files and these will be used in the Data Charge Centres for generation of 'pdf' files using Verification and Correction Module for the relevant observations that call for modifications from each Enumeration Block. The Verifying Officer designated by the competent authority will conduct the field verification and make necessary corrections in the format and get the changes effected based on the information gathered in the formats with the help of the software at the respective Data Charge Centres and upload the same to the NIC web site. Based on these Correction Files, the NIC will be generating the Draft List Files to be used for the Claims and Objections Procedure.

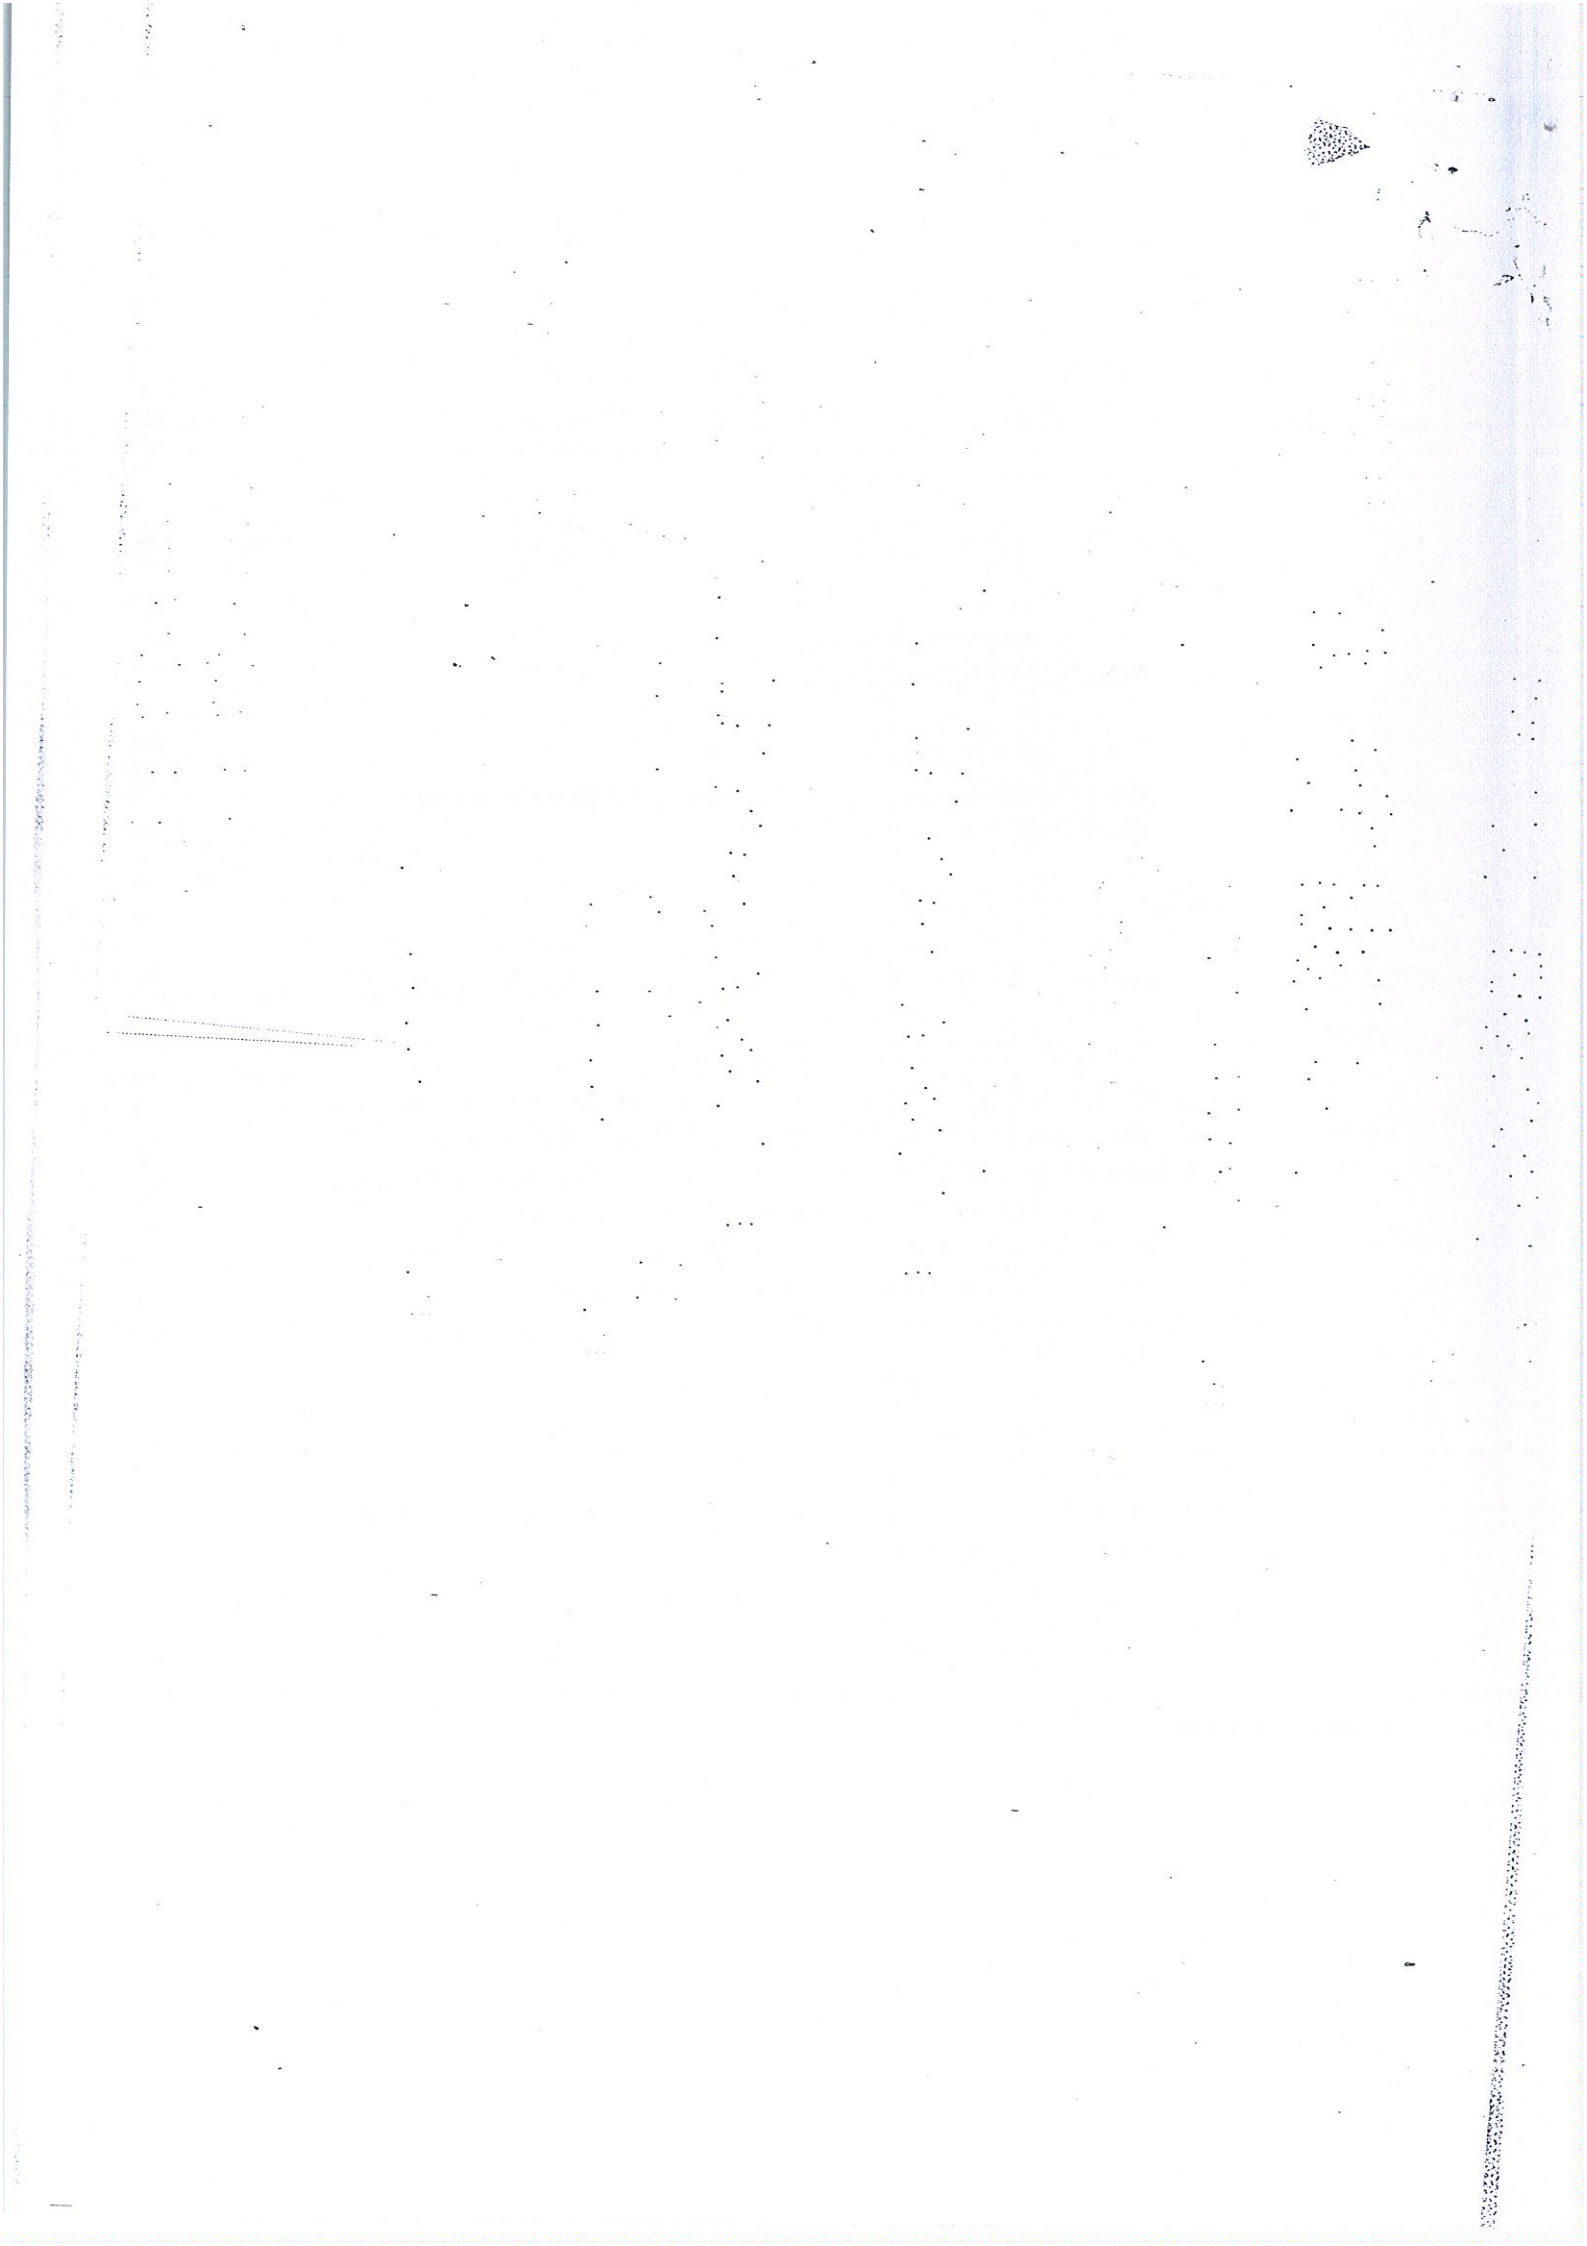

The Manual prepared to clarify the concepts and methodology that are involved in the above mentioned processes is enclosed for perusal.

## **Verification & Correction Module**

### **Instruction Manual**

---

**Government of India**

**New Delhi**

This number is very high even after supervisory verification. Many states have expressed the desire to verify these households before the data is made public (Draft Publication phase). Hence Data Verification & Correction Module is introduced in the interest of ensuring accuracy of data.

#### **Implementation of Data Verification Module**

1. All the States/ UTs are advised to implement this module before draft publication.
2. The household numbers with member details, EB numbers with their reported/enumerated data would be provided at the Data Charge Centers with the help of application software designed by the NIC and BEL.
3. There will be printed form for each of these households with earlier entry and space for new/verified entry.
4. The State Government will send one person (called the "Verifying Officer") to those particular households and get the correct data from respondents.
5. The corrected data will be entered at the Charge Office with the help of the application software and will be uploaded to NIC server.
6. BEL will circulate the instruction manuals for the application software and organize training for the Data Entry Administrators (DEAs).
7. The service provider CPSU would ensure the engagement of DEAs in required quantity and quality.

#### **Verifying Officer**

The State Government and the Union Territory Administration shall appoint a government official as 'Verifying Officer' for the purpose of this module. They should be above the rank of the 'Supervisors' engaged/appointed for SECC, or, in case such officials are not sufficiently available, Officials equivalent to the position/rank of 'Supervisor' should be appointed. However, in case these official/human resource is not available, then, 'Supervisors' appointed for SECC may be engaged as 'Verifying Officer', but they should be engaged outside the EBs/Cluster of EBs where they undertook the supervisory work.

## Introduction

All the States and Union Territories have collected or initiated process of collection of data through Enumerators for Socio Economic and Caste Census 2011 (SECC 2011). Government of India has provided Technical and Financial support for SECC.

There are three major steps in SECC 2011. In the first step, Enumerators visit individual houses and canvass the questionnaire which is directly entered into Tablet PC. In the second step, households are selected for supervisory verification which includes the following households:

1. All un-enumerated households along with "reason for non-enumeration". (Applicable for the client version 0.599E onwards).
2. All un-enumerated households' image files as per AHL Section 2, 3, 4 of cataloged Households.
3. In addition to above (1 & 2) following Households are also be selected along with additional random households that will be picked based on the Mandatory selection criteria as follows :-
  - a) Enumerator disagrees.
  - b) Caste/Religion information missing.
  - c) The Household [HH]-Data-Selected via the 'data-view module'.

The third step is to publish the data at Gram Panchayat /Ward level so that households can go through the data and additions, deletions and modifications in the data are done as per the approval of the application for Claims and Objections.

## Need of Verification Module

For all most all the States and UTs the enumeration data have thrown up the following challenges:

- a) A very high number of households reported to have
  - a. Members belonging to Primitive Tribal Groups (PTG)
  - b. Members who are Legally Released Bonded Labor (LRBL)
  - c. Members who are Manual Scavengers (MS)
- b) In urban areas, data collected on numbers of occupational categories like beggars and rag-pickers are found to be unreasonably high.
- c) Apparently wrong/ incomplete returns of Caste/Tribe name, e.g., "other"/ "open"/ "general"/ "OBC" / abbreviated caste name/ religion name, etc. have been found in enumerated data.

## Clarifications of Concepts

For the verification process concepts that were elaborated in the Instruction Manual for Enumerators is used. These are:

1. **Primitive Tribal Groups (PTG):** If any member of the household is from Primitive Tribal Group give the code 1 and if not give code 2. Note the following:
  - a. There are a total of 75 PTGs notified by the Government of India.
  - b. PTG list is a state specific list. It means that certain members may be PTG in state X but not in state Y. **Carry the State list with you during verification process.**
  - c. Refer to **Annexure-I**, which gives PTG names and population in each state from the year 1961 to 2001.
  - d. In SECC we are not counting PTG population but number of households reporting at least one PTG member.
  - e. All STs are not necessarily PTG.

If any member of the household reported that he/she belong to PTG, verify the name of the PTG and the state/UT to which the PTG category belongs. After satisfying him/herself, the household should be categorized as PTG household (code 1) by the 'Verifying Officer'. PTG are State/UT specific, and households that are identified as PTG should confine to these States/UTs only.

Notes : Explanation given below is to help understand the examples provided in the subsequent pages.

1. Heading "Name/(Sex+Year of Birth) of the head of the household" means that Name will display if image is available (new household/new member) otherwise Name of head of household along with Sex DOB will appear.
2. Heading "Name/(Sex+Year of Birth) of the head of the Person" means that Name will display if image is available (new household/new member) otherwise "Image Unavailable Sex DOB" will appear.
3. Heading "Name/(Sex+Year of Birth) of the head of the household" and "Name/(Sex+Year of Birth) of the head of the Person" could have three types of information

Information	Reason
Cropped image	Image available
Image Unavailable Sex DOB	Image not available (missing)
Text data ("Sanju Sharma")	New member/New Household

4. There may be the cases where multiple responses recorded against PTG, LRBL, MS from the same household these have to be verified.  
eg.

Serial no. of Households per Cell of APL	2020	Name / (Sex + Year of birth) of the head of the household	Is any household member
Entry Till Supervision Phase		Entry in Verification and Correction Phase	
Primitive Tribal Group		Primitive Tribal Group	
2, J			

Name / (Sex + Year of Birth) of the Person	Entry Till Supervision Phase			Entry in Verification and Correction		
	Religion	Co de	Caste/Tribe Name	Religion	Co de	Caste/Tribe Name
Only members who are in the category of PTG						

5. If any image is missing in the EB the last page will have list of those images and that is the reason of getting captions like "Image Unavailable Sex DOB".  
eg.

2. **Legally Released Bonded Labor:** It is observed that all kinds of labor – agriculture, semi-skilled and skilled labor have been reported as Legally Released Bonded Labor. Note that the Bonded Labour System stands abolished throughout the country with the enactment of the Bonded Labour System (Abolition) Act, 1976: It freed unilaterally all the bonded labourers from bondage with simultaneous liquidation of their debts. It made the practice of bondage a cognizable offence punishable by law.

If any member of the household is a legally released bonded laborer give the code 1 and if not give code 2.

“Bonded labor” means forced, or partly forced, labor under which a debtor enters, into an agreement to render, labor or service to the creditor either by himself or through any member of his family, for a specified period or for any unspecified period, either without wages or for nominal wages. So if a person provides labor or service to another for remuneration less than the minimum wage, the labor or service falls within the scope and ambit of the words forced labor under the constitution.

If a household has “Legally Released Bonded Labor” the district administration will have the documents of the process of releasing the person(s) from bonded labor. The District Magistrate/Commissioner/Collector may ensure that the data collected during SECC is in consonance with the official records.

3. **Manual Scavengers:** SECC definition- manual scavenger is 'a person engaged in or employed by an individual or urban local body or any public or private agency, for manually cleaning, carrying or disposing or dealing in any other manner with human excreta in an individual or dry latrine'.

It is observed that households practicing open defecation, cleaning their household latrines themselves and having members employed as "safai karmachari" by institutions also have been reported as Manual Scavengers.

Kindly note that:

- Open defecation is not manual scavenging
- Cleaning household latrines is not manual scavenging
- Cleaning institutional water sealed/flush/ two pit latrines as a paid job is not manual scavenging

The caste/community should not be the base for declaring a household or a member as manual scavengers as the same caste/community may have been engaged in manual scavenging in past but not now. It is, therefore, necessary for enumerators to take this aspect into consideration and focus on the present activities of the household responding as manual scavenger.

Greater sensitization of enumerators/verifiers on this issue is a must. If there is doubt, before reporting, the enumerators/verifiers may gather information about the households where the manual scavengers are really servicing and whether these households are actually using dry latrines.

4. **Caste/ Tribe name:** The returns with respect to the name of Caste/Tribe, particularly for the persons with Caste/Tribe status code '3' were found to be incomplete or not amenable to further analysis. The main types of discrepancies found have been:

- Use of generic terms like OBC, BC, general, open, other, etc.
- Use of abbreviations, like CSI, LC, RC, RCBC, RCSC, SC, TGL, etc.
- Use of surnames like Singh, Sharma, Verma, etc. which can be from various Caste/Tribes.
- Use of area/ linguistic community names as Castes e.g. Assamese, Bihari, Bengali, Gujrati, Madrasi, Marwari, etc.
- Repetition of religion name in both religion and caste/tribe name

In such cases, the actual caste/tribe names are to be ascertained from the corresponding household and re-recorded by the Verifying Officer in full. It is reiterated that **abbreviated names should not be written:** If a respondent intimates that she/he does not have any caste, then, code 4 is to be recorded in Caste/Tribe status code and a "X" is to be given in Caste/Tribe name.

4.2 Illustrative examples on how the entries may be made in different situations are given below:

	Example of entries		
	Religion (Write name of the religion in full)	Caste/ Tribe Status	
		code*	If code 1, 2 or 3 in caste/tribe status, Write Name of Caste/Tribe  If code 4 in caste/tribe status, put 'X'

Example 2: The person reports that religion is Muslim, community name is SUNNI and she/he is NOT an OBC	MUSLIM	3	SUNNI
Example 3: The person reports that religion name is ISLAM, community name is ABDAL and she/he is an OBC	ISLAM	3	ABDAL (OBC)
Example 4: The person reports that religion name is Hindu, community name is AHOM and she/he is an OBC	Hindu	3	AHOM (OBC)
Example 5: The person reports that religion name is Hindu, community name is KAYASTHA and she/he is NOT an OBC	Hindu	3	KAYASTHA
Example 6: The person reports that religion name is Hindu, community name is LAD BANIA and she/he is general, i.e., not an SC, ST or OBC	Hindu	3	LAD BANIA

- Part time or full time domestic services include employment of hired worker by private households for tasks including housecleaning, cooking, child care, and personal service.
- If a person engaged in house cleaning, cooking, child care, and personal service in any public institution and business, including hotels and boardinghouses will be treated under this code 2

## 6. Conclusion

The Verification and Correction Module version 0.0.27b is already place in the MoRD website with effect from 16.10.12. Now the States and UTs are requested to make use of the Verification and Correction Module on to the data collected and uploaded by the Enumerators/Supervisors. This software will generate the Verification Files from the data uploaded to the NIC website. The variables that will be cropped in for verification are pertaining only to Caste, PTGs, Legally Released Bounded Labour and Manual Scavenger in the rural areas and with regard to Main Source of Income( from Rag-picker, Beggar, Domestic Worker, and Street Vender/Cobbler/Hawker/and other service providers working on the streets) and Caste in the urban areas.

The NIC will generate the 'V' files and these will be used in the Data Charge Centres for generation of pdf file using Verification and Correction Module that pertains to the relevant observations that call for modifications for each Enumeration Block. The Verifying Officer designated by the competent authorities will conduct the field verification and make necessary corrections in the format and get the changes effected based on the information gathered in the formats with the help of the software at the respective Data Charge Centres and upload the corrected data to the NIC web site. Based on these Correction Files the NIC will be generating the Draft List Files to be used for the Claims and Objections Procedures.

The Manual prepared has three annexure pertaining to PTG list, Rural & Urban sample 'pdfs'.
